

2 December 2024

**Gamma Communications plc
("Gamma", the "Company" or the "Group")**

Proposed Move to the Main Market

Gamma Communications plc, a leading provider of technology-based communication services across Europe, confirms that, further to the announcement of 10 September 2024 and consultation with shareholders, the Board has initiated the required workstreams to move to the ESCC listing category of the Main Market of the London Stock Exchange (the "Main Market").

The Company is in the process of appointing advisers and, subject to FCA approval, expects to move to the Main Market in mid-2025. The Company will provide further updates as specific timeframes are confirmed. The Board believes that a move to the Main Market will serve to further enhance the Company's reputation and support market penetration as Gamma continues to grow in different jurisdictions.

Notes for editors:

Gamma Communications plc is a leading provider of technology-based communication services across Europe. Gamma is admitted to trading on AIM and employs approximately 2,000 people. Offering a range of Unified Communications, mobile, security and connectivity services, Gamma provides robust and secure end-to-end business communication solutions, enabling organisations to communicate, collaborate and offer a better customer experience.

Gamma's vision is for a better-connected world in which it can work smarter for the benefit of business, people, and the planet. Its primary market is the UK, where it delivers network-based services to SME, Public Sector, and Enterprise markets through its extensive network of trusted channel partners and direct sales and support capabilities. Expanding its presence in Europe, Gamma is continuing to grow its group of businesses focused on digital transformation by delivering services to customers via a network of channel partners in Germany, Spain, and the Benelux region.
